

PRODUCT DISCLAIMER
MO'CYCLE® AIRBAG JEANS

www.MOCYCLE.com

MO'CYCLE® AIRBAG JEANS PRODUCT DISCLAIMER

Please read this disclaimer carefully before using the Mo'cycle® Airbag Jeans (hereinafter referred to as the “Product” or “Airbag Jeans”). The following disclaimer outlines the terms and conditions governing the use of the Product. It is important to carefully read, understand, and agree to the terms and conditions set forth in this disclaimer before using the Product. By purchasing, accessing, using, and continuing to use the Product, you affirm that you have read, understood, accepted the risks, and agreed to the terms and conditions stated in this disclaimer.

DISCLAIMER OF LIABILITY

The company “Airbag Inside Sweden AB” and its trademark “Mo'cycle,” including its CEO, board of directors, affiliates, employees, subsidiaries, agents, distributors, manufacturers, and representatives (hereinafter referred to collectively as “the Company”), shall not be held liable for any direct or indirect damages, injuries, economic losses, losses, or any other adverse outcomes resulting from the use or misuse of the Product, including but not limited to injuries and fatalities resulting from motorcycle accidents, falls, collisions, indirect, consequential, or incidental damages.

PRODUCT INTENDED USE

The Product is designed to mitigate the risk of injuries in a motorcycle accident but does not guarantee safety in all accident situations. In certain accidents, the airbag may not be able to prevent injuries or death. The Product is intended to provide an additional layer of safety to the rider in the event of an accident or collision. However, it is essential to understand that motorcycle riding is an inherently dangerous activity, and no product can guarantee complete safety against all injuries or accidents.

The use of the Airbag Jeans reduces the risk of injury only if it is inflated in time and if the impact hits the Airbag. The Airbag's impact-reducing properties are only active when it is fully inflated.

PROPER USAGE INSTRUCTIONS

Follow the provided user information and guidelines for wearing, using, and maintaining the Airbag Jeans correctly. Incorrect usage or failure to follow instructions may compromise the product's performance and safety. It is crucial to follow the instructions to prevent malfunctions. Improper installation, incorrect use, or failure to maintain the product according to the instructions may result in the Airbag not functioning properly. Any modifications or repairs performed on the product by parties other than the Company can lead to the malfunction of the Airbag. Pay extra attention to the important notices section in this document.

ACTIVATION MECHANISM

The Airbag Jeans are equipped with an airbag system designed to deploy in specific accident scenarios. The airbag may or may not activate based on impact force, angle, and other predetermined factors. The system's activation is not triggered by all falls or minor impacts. The activation of the Airbag depends on the circumstances of the accident and may not occur in time to be fully inflated in certain scenarios, such as being hit from the side by a car or sliding on the road while still in contact with the motorcycle or at high speeds or in other circumstances. The Airbag only offers impact-reducing properties for the parts of the body covered by the Airbag when it is fully inflated in time before the impact.

PRODUCT LIMITATIONS

The airbag system in the jeans is effective in certain accident scenarios; however, it may not prevent all injuries or provide safety in every situation. The degree of safety offered may vary depending on the nature and severity of the accident. The motorcycle Airbag Jeans described herein are designed to provide a certain level of impact and abrasion reducing properties to the wearer. However, it is essential to acknowledge that no product can completely eliminate the risk of injury or provide absolute safety in all circumstances. The effectiveness of the impact and abrasion reducing properties of the motorcycle Airbag Jeans may vary depending on various factors, including the nature, altitude, temperature, speed of riding, and severity of an accident or impact. The Company does not guarantee the performance or outcome of the product in any specific accident scenario.

RISK ACKNOWLEDGMENT AND ASSUMPTION OF RESPONSIBILITY

By using the Airbag Jeans, you acknowledge the inherent risks associated with motorcycle riding and assume full responsibility for your safety during use. Riders should exercise caution, adhere to traffic laws, and ride responsibly. Motorcycle riding is inherently dangerous, and riders should be aware of the risks involved, understand how to estimate and manage those risks, and use additional safety gear apart from the Airbag Jeans. The Company strongly recommends that users carefully read and follow all instructions and safety guidelines provided with the product and in this user information document. Failure to do so may increase the risk of injury or malfunction of the safety features of the product. By using the motorcycle Airbag Jeans, the user acknowledges and accepts the inherent risks associated with motorcycle riding, the product, and assumes full responsibility for their own safety and well-being. The user agrees to release the Company from any liability arising from the use or misuse of the product.

REUSING THE PRODUCT

It is important to exercise caution when reusing or re-activating the Airbag, as this will cause wear and tear on the trigger mechanism and weaken the Airbag. We recommend using the Airbag only once in a real-life accident and replacing it afterward. Reusing the Airbag is done at your own risk, and the Company does not assume any responsibility for the functionality of reused Airbags.

PRODUCT TESTING

The Airbag Jeans have undergone testing that demonstrates their effectiveness under specific conditions. However, no testing can replicate all real-world scenarios, and performance may vary depending on individual circumstances.

PROPER SIZING AND FIT

Select the correct size and fit of the Airbag Jeans to ensure optimal safety and functionality. Incorrect sizing may affect the product's performance and safety.

PROPER MAINTENANCE

Regularly inspect the Airbag Jeans for any damage or wear. Do not modify, alter, or tamper with the product without the manufacturer's approval, as doing so may compromise its safety features. Any modifications, alterations, or repairs made to the product by parties other than authorized personnel may compromise its performance and render the product unsafe. The Company shall not be liable for any injuries or damages resulting from such unauthorized modifications.

INHERENT DANGER OF MOTORCYCLE RIDING

It is important to note that motorcycle riding involves inherent risks and dangers. It is a well-known fact that motorcycle riding causes injuries and fatalities every day worldwide. Riders should be aware of these risks and exercise sound judgment and caution at all times. The use of safety gear, including motorcycle Airbag Jeans, is just one aspect of ensuring personal safety while riding.

PROPER USE

The Company shall not be held responsible for any injuries, damages, or losses resulting from the failure to use the product properly, including, but not limited to, failure to wear the motorcycle Airbag Jeans correctly or failure to properly maintain the product in accordance with the provided instructions.

THIRD-PARTY LIABILITY

The Company shall not be liable for any damages, injuries, losses, or any adverse outcomes resulting from the actions or omissions of third parties, including, but not limited to, other drivers, road conditions, or manufacturing defects in other vehicles or products.

CONSUMER'S DUTY TO MITIGATE DAMAGES

Users of the Product have a duty to take reasonable steps to mitigate damages and prevent further harm in the event of an accident or collision. This includes seeking appropriate medical attention, following medical advice, and complying with rehabilitation or treatment plans to the extent reasonable.

AGE AND USE RESTRICTIONS

The Product is intended for use by individuals with a valid motorcycle license of a certain age (the age limit depends on the country the user lives in) and competence level. It should not be used by individuals who do not meet the specified age and competence requirements. The Company does not assume any responsibility or liability for any injuries, damages, or losses resulting from the use of the Product by individuals who do not meet the specified age and competence requirements.

PRODUCT DISCONTINUATION

The Company reserves the right to discontinue the production, sale, or support of the Product at any time without prior notice. In the event of product discontinuation, the Company shall not be liable for any damages, injuries, losses, or any adverse outcomes resulting from the unavailability of the Product or the lack of support.

EXTENDED USE LIMITATIONS

The Product is intended for use in motorcycle riding scenarios and under specific conditions outlined in the user information and guidelines provided with the Product. The Company does not recommend or endorse the use of the Product for any other activities or purposes. The user acknowledges and accepts the risks associated with using the Product beyond its intended use and assumes full responsibility for any injuries, damages, or losses resulting from such use.

CONSUMER TESTING AND FEEDBACK

The Company may request or provide opportunities for consumers to participate in testing and provide feedback on the Product. The user acknowledges and agrees that participation in such testing is voluntary and that the Company may use the feedback received for product improvement or marketing purposes without any obligation or liability to the user.

SCOPE OF DISCLAIMER

This disclaimer applies to all aspects of the use of the Product, including but not limited to its performance, effectiveness, safety, limitations, and any risks associated

with its use. The user acknowledges and agrees that this disclaimer is comprehensive and covers all potential risks and liabilities related to the Product.

PRE-EXISTING CONDITIONS

Individuals with pre-existing medical conditions or injuries should consult with a qualified medical professional before using the Product. The user acknowledges that the Company does not have access to individual medical histories and cannot provide personalized advice. The user assumes full responsibility for assessing their own health condition and determining whether the use of the Product is appropriate for their specific circumstances.

GOVERNMENT SAFETY STANDARDS COMPLIANCE

The Company makes reasonable efforts to ensure that the Product complies with applicable government safety standards and regulations. However, the user acknowledges that the Company cannot guarantee compliance with all specific regulations in every jurisdiction. It is the user's responsibility to ensure compliance with all applicable laws and regulations in their jurisdiction.

INTERNATIONAL USE

The Product is designed and intended for use in specific countries or regions. The user acknowledges and agrees that the Product may not comply with the laws, regulations, or safety standards of all countries or regions. The user assumes full responsibility for ensuring compliance with local laws and regulations before using the Product outside of its intended country or region of use.

EMERGENCY SERVICES NOTIFICATION

The Product does not include an automatic emergency services notification feature. In the event of an accident or emergency, it is the user's responsibility to seek appropriate medical assistance and notify emergency services, if necessary.

CONSUMER SAFETY EDUCATION

The user acknowledges the importance of obtaining proper education and training regarding motorcycle riding safety. The Company strongly recommends that users seek professional training and education on motorcycle riding techniques, traffic laws, and safety practices. The user assumes full responsibility for their own safety education and agrees to exercise caution and good judgment while riding.

USER'S DUTY TO INSPECT PRODUCT

Before each use of the Product, the user has a duty to inspect it for any visible damage, wear, or abnormalities. If any damage or abnormalities are detected, the user must not use the Product and should promptly contact the manufacturer for further assistance.

PRODUCT RECALL PROCEDURE

In the event of a product recall or safety notice issued by the Company, the user agrees to promptly comply with all instructions and recommendations provided by the Company. The user should contact the Company for further information on the recall procedure and follow the instructions provided to ensure their safety.

LIMITATIONS ON USER CONDUCT

The user agrees to use the Product in a responsible and safe manner and to comply with all applicable laws, regulations, and traffic rules while using the Product. The user shall not engage in any activities that may endanger themselves, others, or property while using the Product.

PRODUCT COMPATIBILITY

The user acknowledges and agrees that the Product may not be compatible with all types of motorcycles or riding gear. The user should ensure compatibility between the Product and their motorcycle and riding gear before using the Product. The user assumes full responsibility for ensuring compatibility and acknowledges that the Company shall not be liable for any damages, injuries, losses, or any adverse outcomes resulting from the use of the Product with incompatible motorcycles or riding gear.

CONSUMER TESTIMONIALS

Any testimonials or reviews provided by consumers regarding the Product are their personal opinions and experiences. The Company does not endorse or guarantee the accuracy, reliability, or validity of any consumer testimonials or reviews. The user acknowledges that individual experiences may vary and should not solely rely on consumer testimonials or reviews when making decisions about the use of the Product.

INACCURATE INFORMATION DISCLAIMER

The Company strives to provide accurate and up-to-date information regarding the Product. However, the user acknowledges that errors, inaccuracies, or omissions may occur in the information provided. The user agrees that the Company shall not be liable for any damages, injuries, losses, or any adverse outcomes resulting from reliance on inaccurate or incomplete information.

ONLINE PURCHASE RISKS

The user acknowledges the inherent risks associated with online purchases, including but not limited to security risks, fraud, and delivery issues. The user agrees to exercise caution and due diligence when making online purchases and acknowledges that the Company shall not be liable for any damages, injuries, losses, or any adverse outcomes resulting from online purchases of the Product.

SEVERABILITY CLAUSE

If any provision of this disclaimer is found to be invalid, illegal, or unenforceable, the remaining provisions shall remain in full force and effect.

INTELLECTUAL PROPERTY RIGHTS

The user acknowledges and agrees that all intellectual property rights, including but not limited to copyrights, trademarks, patents, and trade secrets, associated with the Product and its related materials are the property of the Company. The user shall not use, reproduce, distribute, or modify any intellectual property rights without the prior written consent of the Company.

DISCLAIMER UPDATES

The Company reserves the right to update, modify, or change this disclaimer at any time without prior notice. The user agrees to review this disclaimer periodically to stay informed about any changes. Continued use of the Product after any modifications to this disclaimer constitutes acceptance of the updated disclaimer.

COUNTRY-SPECIFIC REGULATIONS

The user acknowledges and agrees that the Product may be subject to additional country-specific regulations and requirements. It is the user's responsibility to ensure compliance with all applicable laws, regulations, and safety standards in their country of use.

RETURN AND REFUND POLICY

For information on the return and refund policy for the Product, please refer to the Company's official website or contact the Company directly.

WARRANTY INFORMATION

For information on the warranty coverage for the Product, please refer to the warranty section in this document or contact the Company directly.

USER INDEMNIFICATION

The user agrees to indemnify, defend, and hold harmless the Company, its affiliates, employees, agents, representatives, and suppliers from any claims, liabilities, damages, losses, costs, or expenses (including reasonable attorneys' fees) arising out of or related to the user's use or misuse of the Product, violation of this disclaimer, or infringement of any rights of third parties.

ENFORCEMENT OF DISCLAIMER

The Company reserves the right to enforce this disclaimer to the fullest extent permitted by law. Failure to enforce any provision of this disclaimer shall not be deemed a waiver of such provision or the right to enforce it.

LANGUAGE TRANSLATION DISCLAIMER

This disclaimer may be available in multiple languages for convenience purposes. In the event of any discrepancies or conflicts between different language versions, the English version shall prevail.

UPDATES TO PRODUCT INFORMATION

The Company may update or modify the information provided with the Product, including user information, safety guidelines, and instructions, from time to time. The user agrees to stay informed about any updates or modifications and to follow the most current information provided by the Company.

PRODUCT SUITABILITY FOR OTHER ACTIVITIES

The Product is specifically designed and intended for motorcycle riding scenarios. The user acknowledges and agrees that the Product may not be suitable for other activities or purposes. The user assumes full responsibility for assessing the suitability of the Product for any other activities or purposes and agrees that the Company shall not be liable for any damages, injuries, losses, or any adverse outcomes resulting from such use.

PUBLIC REPRESENTATIONS

No oral or written representations made by the Company or its representatives, other than those explicitly stated in this disclaimer or in the official user information and guidelines, shall create any additional warranties or liabilities beyond what is expressly provided in this disclaimer.

PRODUCT PERFORMANCE CLAIMS

The Company strives to accurately represent the performance and capabilities of the Product. However, the user acknowledges that individual experiences may vary, and the actual performance of the Product may be influenced by various factors, including but not limited to environmental conditions, riding techniques, and individual riding skills. The user acknowledges that the Company does not guarantee specific performance results and that actual performance may differ from any claims or representations made by the Company.

COMPANY INSURANCE COVERAGE

The Company maintains appropriate insurance coverage for its operations and products as required by applicable laws and regulations. The user acknowledges that the Company's insurance coverage may have limitations and exclusions and may not cover all potential risks associated with the use of the Product. The user is encouraged to obtain their own insurance coverage as deemed necessary or appropriate.

PERSONAL PROTECTIVE EQUIPMENT (PPE) CERTIFICATION

The Product may be designed to be used in conjunction with personal protective equipment (PPE). The user acknowledges that the PPE used in conjunction with the Product may be subject to separate certifications, standards, and regulations. It is the user's responsibility to ensure that any PPE used with the Product complies with all applicable certifications, standards, and regulations.

DISCLOSURE OF PATENT INFORMATION

The user acknowledges that the Product may be protected by patents or other intellectual property rights. The user agrees not to reverse engineer, modify, or attempt to discover any confidential or proprietary information related to the Product's design, technology, or manufacturing process without the express written consent of the Company.

RIGHT TO PRODUCT MODIFICATION

The Company reserves the right to modify or update the design, features, or specifications of the Product without prior notice. The user acknowledges that such modifications or updates may affect the performance, compatibility, or functionality of the Product and agrees to accept any reasonable modifications or updates made by the Company.

PRODUCT DISCONTINUATION POLICY

The Company may, at its sole discretion, discontinue the production, sale, or support of the Product. The user acknowledges that the Company shall not be liable for any damages, injuries, losses, or any adverse outcomes

resulting from the discontinuation of the Product or the lack of availability of replacement parts or support.

PRIVACY AND DATA PROTECTION

The user acknowledges and agrees that the Company may collect, process, store, and use personal information and data in accordance with applicable privacy and data protection laws. The user's personal information and data may be used for purposes such as order processing, customer support, product improvement, and marketing communications. The user's personal information will be handled in accordance with the Company's privacy policy, which can be found on the Company's official website.

INSURANCE COVERAGE

The Company recommends that users obtain appropriate insurance coverage to protect themselves and their property while using the Product. The user acknowledges that the Company does not provide insurance coverage for any damages, injuries, or losses resulting from the use of the Product and that it is the user's responsibility to obtain adequate insurance coverage.

LIMITATIONS OF PRODUCT TESTING

The user acknowledges that product testing, including but not limited to laboratory testing and real-world simulations, has its limitations. While the Company makes reasonable efforts to conduct thorough testing, the user acknowledges that testing cannot replicate all possible scenarios, conditions, or user behaviors. The user understands that the performance and effectiveness of the Product may vary based on individual circumstances and accepts any associated risks.

POTENTIAL ALLERGENS

The user acknowledges that the Product may contain materials or substances that could cause allergic reactions in some individuals. The user should review the product materials and consult with a healthcare professional if they have known allergies or sensitivities. The Company shall not be liable for any allergic reactions or adverse health effects resulting from the use of the Product.

DISPUTE RESOLUTION COSTS

In the event of a dispute between the user and the Company arising from the use or misuse of the Product, each party shall be responsible for their own costs, including but not limited to legal fees and expenses, associated with the dispute resolution process, unless otherwise required by applicable law.

USER ACKNOWLEDGMENT OF DISCLAIMER

By using the Product, the user acknowledges that they have read, understood, and agreed to all the terms and conditions stated in this comprehensive disclaimer. If the user does not agree with any part of this disclaimer, they should refrain from using the Product and promptly contact the Company for return or further assistance.

SAFETY CERTIFICATION STANDARDS

The user acknowledges that the Product may comply with specific safety certification standards in certain jurisdictions. The user should check the applicable safety certification standards in their jurisdiction to ensure compliance before using the Product. The user assumes full responsibility for ensuring compliance with safety certification standards and agrees that the Company

shall not be liable for any damages, injuries, losses, or any adverse outcomes resulting from non-compliance.

CHILD SAFETY MEASURES

The Product may not be suitable for use by children or minors. The user acknowledges that the Product is designed for adult use and that it is the user's responsibility to ensure that the Product is kept out of the reach of children or minors. The user agrees to exercise caution and comply with all applicable child safety measures when using or storing the Product.

FIT AND SIZING GUIDELINES

It is important to select the correct size and fit of the Product to ensure optimal safety and functionality. The user should refer to the sizing guidelines provided by the Company and consult with the Company's representatives, if necessary, to determine the appropriate size and fit for their body type. The user assumes full responsibility for selecting the correct size and fit of the Product and acknowledges that the Company shall not be liable for any damages, injuries, or losses resulting from an improper fit or sizing.

MANUFACTURING DEFECTS

While the Company strives for high manufacturing standards, the user acknowledges that manufacturing defects may occur in rare instances. In the event of a suspected manufacturing defect, the user should promptly contact the Company for further assistance. The Company will evaluate the reported issue and, if determined to be a manufacturing defect, may provide appropriate remedies in accordance with applicable laws & regulations.

CLEAR MANUFACTURING DATE

The Product may include a manufacturing date or production batch code. The user should refer to this information to determine the age or production batch of the Product. The user acknowledges that the age or production batch may affect the performance, durability, or functionality of the Product and agrees to consider this information when using or evaluating the Product.

PRODUCT REGISTRATION

The user may have the option to register the Product with the Company. The user acknowledges that product registration is voluntary but may enable the Company to provide better support, updates, or notifications related to the Product. The user should follow the registration process outlined by the Company, if desired.

LEGAL GOVERNING JURISDICTION

This disclaimer and the use of the Product shall be governed by the laws of the jurisdiction in which the user is located. Any disputes arising out of or related to the Product or this disclaimer shall be subject to the exclusive jurisdiction of the courts in that jurisdiction.

EXPORT RESTRICTIONS

The export of the Product may be subject to specific export controls, regulations, or restrictions. The user acknowledges that it is their responsibility to comply with all applicable export laws and regulations and to obtain any necessary export licenses or permits before exporting the Product to another country.

ACCESSIBILITY OF THE DISCLAIMER

The Company strives to make this disclaimer accessible to all users. If the user requires the disclaimer in an alternative format or has accessibility needs, they should contact the Company for assistance.

DISSEMINATION OF SAFETY INFORMATION

The user agrees to assist in disseminating important safety information related to the Product to other users or potential users. The user should inform others about the proper use, limitations, and potential risks associated with the Product to promote safe and responsible use.

SAFETY TESTING DISCLOSURE

The user acknowledges that the Product has undergone safety testing to evaluate its performance and effectiveness. The user should refer to the product documentation or contact the Company for specific information about the safety testing conducted on the Product.

LANGUAGE TRANSLATION

The user acknowledges that this disclaimer may have been translated into other languages for convenience. In the event of any discrepancies or conflicts between different language versions, the English version of this disclaimer shall prevail.

INTERNATIONAL DISTRIBUTION

The user acknowledges that the distribution of the Product may vary by country or region. The availability, pricing, or support for the Product may differ in different countries or regions. The user should contact the Company or authorized distributors for information on the availability and distribution of the Product in their specific location.

PRODUCT MAINTENANCE SCHEDULE

The user acknowledges that the Product may require periodic maintenance to ensure its optimal performance and safety. The user should follow the maintenance schedule provided by the Company and perform any recommended maintenance tasks accordingly. The user assumes full responsibility for the proper maintenance of the Product and acknowledges that the Company shall not be liable for any damages, injuries, or losses resulting from improper maintenance.

RECURRING SUBSCRIPTION SERVICES

The Product may offer optional recurring subscription services or features. The user acknowledges that the use of such subscription services or features may be subject to additional terms and conditions, including payment obligations. The user should review and agree to the specific terms and conditions associated with the subscription services or features before using them.

PRECAUTIONARY STATEMENTS

The user acknowledges that the Product may come with precautionary statements, warnings, or labels. The user should read and follow all precautionary statements, warnings, or labels provided with the Product to ensure

safe and proper use. The user assumes full responsibility for understanding and complying with the precautionary statements, warnings, or labels.

USER RESPONSIBILITY FOR REPLACEMENT

The user acknowledges that certain components or consumables of the Product may require periodic replacement. The user should follow the replacement recommendations provided by the Company and replace any components or consumables as necessary. The user assumes full responsibility for the timely replacement of components or consumables and acknowledges that the Company shall not be liable for any damages, injuries, or losses resulting from the failure to replace worn or expired components or consumables.

NON-TRANSFERABILITY OF WARRANTY

The warranty provided by the Company is non-transferable and applies only to the original purchaser of the Product. The user acknowledges that the warranty cannot be transferred to any subsequent owners or users of the Product.

ENVIRONMENTAL IMPACT

The user acknowledges that the Product may have an environmental impact, including but not limited to energy consumption, waste generation, or emissions. The user should dispose of the Product or its components in accordance with applicable environmental regulations and guidelines. The user assumes full responsibility for the proper disposal of the Product and acknowledges that the Company shall not be liable for any damages, injuries, or losses resulting from improper disposal.

THIRD-PARTY CLAIMS HANDLING

In the event of any third-party claims, demands, or legal actions related to the use or misuse of the Product, the user agrees to promptly notify the Company and provide full cooperation in the handling of such claims, demands, or legal actions. The user shall not make any admissions or statements that may prejudicially affect the Company's position without the Company's prior written consent.

DISPUTE RESOLUTION MECHANISM

Any disputes or claims arising out of or in connection with the use or misuse of the Product shall be resolved through good faith negotiations between the user and the Company. In the event that the parties are unable to reach a mutually acceptable resolution, the parties agree to submit the dispute to mediation or binding arbitration in accordance with applicable laws and regulations.

INDEMNIFICATION CLAUSE

The user agrees to indemnify, defend, and hold harmless the Company, its affiliates, employees, agents, representatives, and suppliers from any claims, liabilities, damages, losses, costs, or expenses (including reasonable attorneys' fees) arising out of or related to the user's use or misuse of the Product, violation of this disclaimer, or infringement of any rights of third parties.
